A. Evaluation of antidiabetic activity of seed of Myristica fragrans (floutt) in streptozotocin induced diabetic male albino rat - 1

Name of the scholar - Ankita Dey
P. I - Prof. Debidas Ghosh.

B. Possible connective effect of flower of Musa balbisiana in streptozotocin induced diabetic rat

Name of the scholar - Farhin Ana

P. I - Prof. Debidas Ghosh

C. Evaluation of antidiabetic and antioxidative efficacy of active ingredient (s) present in rhizomes of Curcuma amada Roxb. (Zingiberaceae) in streptozotocin (STZ) induced diabetic male albino rat: An approach through genomic and proteomics study."

Name of scholar - Dipanwita Mitra

P. I - Prof. Debidas Ghosh

D. Male infertility management by phyto molecule(s) present in rhizomes of Curcuma amada Roxb. (Zingiberaceae) in streptozotocin (STZ) induced diabetic male albino rat: An approach through genomic and proteomic study"

Name of scholar - Riya Sarkar

P. I - Prof. Debidas Ghosh

E. Remission of Fluoride induced Uterine oxidative stress in Albino Rats by Therapeutic Agent of plant origin.

Name of scholar - Lipi Rani Jana

P. I - Dr. Sandip Chattopadhyay

F. Study of Nutritional and Demographic profiles among Toto tribes.

Name of scholar - Anusree Sankar Sahu

P. I - Dr. Sandip Chattopadhyay

6. Ameliorative effect of leaf of Abroma agusta in streptozotocin induced diabetic male albino rat.

Name of scholar - Urmila Saha

P. I - Dr. Chhanda Mallick

7. Therapeutic effect of seed of Hygrophila aureiculata on cyproterone acetate treated testicular hypofunction in albino rat.

Name of scholar - Chaitali Ghosh

P. I - Dr. Chhanda Mallick

7. Regarding clinical Nutrition Instrument room a specific rule should be framed so that as per need of the P. I, the keys should be issued from the log book kept in the office. In absence of P. I the registered scholar or paid manpower collect the approval of HOD.
