Resolution:

Faculty members of the department of Microbiology unanimously resolved that after discussion about handing over of the GCAMT class room to the department of Anthropology, department needs a classroom cum laboratory for GCAMT students as an alternative for smooth running of the course. In this regard D.C. members proposed an alternative room at the 2nd floor of Achariya Jagadish Chandra Bhawan (old science building adjacent to microbiology department (extreme south west corner) for the same. Members requested co-ordinator to place a prayer to Honible V.C. for this alternate arrangement.
