4. Dr. Prosenjit Acharya Prosenjit Acharya 20.8.2018

5. Sri Kaushik Ghosh

6. Dr. Somnath Rudra S. Rudra 20.08.18

## AGENDA ①: Possibility of Introducing the PG Evening Course

Departmental committee meeting dated on 20.08.2018 elaborately discuss on the possibility and prospect of introducing PG Evening course in Geography on regular basis and unanimously resolved the followings:

1. Very recently, the department took initiative to introduce the PG Diploma Course (12 months) in Tourism Management and all initial preparation like finalization of syllabus and course structure are already prepared and submitted to the appropriate authority.
2. Department is also engaged in the process of introducing M.Phil. Course in Earth System Science from the coming session (2019) as per the advice of the Hon'ble Vice Chancellor in the Departmental Committee Meeting dated on 29.04.2018. In this background, the Departmental Committee feels that introducing PG evening course in regular basis on a practical based subject Geography with available infrastructure and faculty strength is difficult. However, recently the regular PG Courses are also introduced in six colleges named as; Midnapore College, Bajkul Milani Sangha, Haldia Govt. Collge, Panskura Banamali Collge, Midnapore City Collge and Belda College.

Beside, two new Universities in Jhargram and Purba Midnapore are being recently introduced and those are supposed to share maximum affiliated colleges of our University. In that circumstances getting quality students and maintaining quality in teaching learning and research will be a challenge in near future.

Moreover at present, the classes continue till 5.30 pm as per routine, and present infrastructure is hugely occupied by the students of the department till then. The faculty members are also engaged in their personal research and guiding the research scholars after the class works. In this circumstances, introducing a parallel PG course in Geography may seriously hamper the existing regular course of Geography in the Department.

The meeting was ended with the vote of thanks to the chair.

A Paul
