②	② Prof. Chandradipa Ghosh	 26/12/18
③	③ Prof. Sujata Maiti (Choudhury)	 26/12/18
④	④ Dr. Sandip Kumar Sinha	 26/12/18

Resolution

- ① The proceedings of the last meeting was confirmed.
- ② The DC recommends the name of the Department to be "Department of Human Physiology with

The reasons behind this

- 1) It denotes the larger application oriented service beyond ~~an~~ being a Master in Human Physiology.
- 2) Because of the name tag of "Community Health" our students get the opportunity of getting jobs as "Community Health officers", "Epidemiologist" in healthcare sectors.
- 3) For this name tag our students can appear for NET examination on Social Medicine besides NET-Life sciences - that creates different forms of job opportunity or career opportunity for them.
- 4) For the name tag, our ~~new~~ department can apply for different funding from DST, ICMR etc. In funding agencies advertisements we frequently find a ~~sect~~ separate section of "Community Health" for submission of project proposal.

The degree [✓] to be offered by the Department

"M.Sc in Human Physiology".
