30th September, 2016

A meeting was held and a routine was circulated and confirmed. It was decided that the editor for 2016-17 journal will be the head of the department and other member of the department will be the associate editor. It will be published after the publication of the previous due issue.

The organizing committee of the conference of the institute of the historical studies discussed the problem of negative replay from ICHR by phone. The Director of the institute has written to the state government for funds. But in view of these situations we have no option to decide that we can't hold the seminar.
