

Proceedings of the Emergency DC meeting (WEB) held on June 02, 2020

Members present:

Prof. Sudipta Dalai, Head, Department of Chemistry, in the Chair  
Prof. Braja Gopal Bag  
Prof. Ajay Kumar Misra  
Prof. Amiya Kumar Panda  
Dr. Sumita Roy  
Dr. Maidul Hossain  
Dr. Anirban Basu

The meeting was conducted using Google Duo platform.

Prof. Sudipta Dalai, HoD informed the members of the DC that he has been in receipt of email from Prof. Subrata Kumar De and Prof. Amiya Kumar Panda, which was received by them from the Hon'ble Vice-Chancellor, Vidyasagar University. The email contained the information sent by Prof. B. S. Balaji, School of Biotechnology, Jawaharlal Nehru University, New Delhi for exploring the possibility in offering MOOC on Organic Chemistry 1 (SWAYAM) for the ongoing students of the Department of Chemistry.

The DC thoroughly discussed the matter. Also rest members of the DC requested Prof. Braja Gopal Bag and Dr. Anirban Basu, who have their specializations in Organic Chemistry to opine on the matter.

It was resolved that the course being offered, as per the outline (flyer) are mostly covered in the Undergraduate level of the Vidyasagar University curricula, and hence the compliance of the proposed course is not very promising with the Post Graduate Curricula in Chemistry of Vidyasagar University. However, for a holistic approach, the students may be encouraged to undertake the course online without earning any credit.

It was also resolved that the information about the program would be widely circulated among the ongoing PG students of the Department, as well as the students under the CCAE program.

The meeting ended with thanks to the Chair.
