Acknowledgements

This thesis is a very grateful part and has much importance for me. I want to say thank you for everyone who has contributed to maturing and the birth of this thesis. I want to say special thanks to my teachers:

My supervisors, Dr. Sandip Chattopadhyay (Assistant Professor, Department of Biomedical Laboratory Science and Management, Vidyasagar University) and Professor Syed Sirajul Islam (Professor, Retired, Department of Chemistry and Chemical Technology, Vidyasagar University) to make it possible to do research work at the departments. Thank you for supporting me to work in the field during and after Ph.D. studies as well as the patience, kindness and the encouragement from the beginning. Thank you for the ideas and support in writing the thesis and the excellent talks together.

I would also like to thank USIC, Vidyasagar University for providing the infrastructural facilities to perform my research work. This research work is partially supported by Maulana Azad National Fellowship Scheme (MANF-2014-15-MUS-WES-35512) under the University Grants Commission, Government of India.

I acknowledge Prof. Sathees C. Raghavan (Department of Biochemistry, Indian Institute of Science, Bangalore, India), Prof. S. Umapathy (Department of Inorganic and Physical Chemistry, Indian Institute of Science, Bangalore, India), Prof. Ajay Kumar Mishra (Department of Chemistry and Chemical Technology, Vidyasagar University, Midnapore, India), Prof. Keshab Chandra Mondal (Department of Microbiology, Vidyasagar University, Midnapore, India) to whom I express my sincere and deepest sense of gratitude for cooperation to complete my Ph.D. work. I certainly acknowledge Namrata M. Nilavar, Goutam Kumar Chandra, for their wonderful collaboration.

I also acknowledge my colleagues Bimal Deb, Moulima Maity, Shamima Khatun, Moumita Dash, Lipi Rani Jana, Arindam Dey, Suryasis Jana, Bappaditya Pan and Soumitra Barick for their assistance and encouragement over the last few years.

My sincere thanks go also to all of the faculty members and laboratory staffs of Biomedical Laboratory Science and Management, Vidyasagar University. Vidyasagar University without whose hearty cooperation it would be possible for me to complete this Ph.D. work.

A special thanks to my family. Words cannot express how grateful I am to my MAA-ABBU for all of the sacrifices that you've made on my behalf. Your prayer for me was what sustained me thus far. I also would like to thanks my Husband (Dr. Najimuddin Khan), who supported and incented me to strive towards my goal.
