

Acknowledgement

It is a great pleasure to express my deepest sense of gratitude to my supervisors, Prof. Bikas Ranjan Pati, (Retd) Department of Microbiology, Vidyasagar University and Dr. Pradeep Kumar Das Mohapatra, Department of Microbiology, Raiganj University for their help and able supervision of every aspect of work during the tenure of my doctoral programme.

My sincere thanks remain for Honorable Vice-Chancellor Prof. Ranjan Chakraborti.

I am also thankful to Doctoral Committee members of Department of Microbiology, Vidyasagar University for their valuable suggestions.

I would like to express my sincere regards and gratefulness to Prof. Keshab Chandra Mondal, HOD, Department of Microbiology, Vidyasagar University, Dr. Suman Kumar Halder, Department of Microbiology, Vidyasagar University and Dr. Saptadip Samanta, Department of Physiology, Midnapore College (Autonomous) for their help and making the environment conducive for serious research work.

I am extremely grateful to all the research scholar of Dept. of Microbiology, Vidyasagar University for their continuous support.

I am also thankful to all the faculty members of my course work study, especially faculty members of Anthropology Dept. Vidyasagar University for their valuable inputs during course work study.

I am also candidly thankful to my dearest lab mates, Dr. Tanmay Paul, Dr. Saikat Chakraborty, Dr. Narattam Sikdar, Dr. Amrita Banerjee, Jyoti Prakash Soren, Shilpee Pal, Papan Hor, Joy Mondal, Debabrata Goswami for their help in diverse ways wherever needed. My sincerest gratitude goes to all the staff members of Microbiology Dept.

No words can convey my sense of gratitude for my family. My heartfelt appreciation remains for my family during the course of my research tenure with its happiness and the usual turbulence.

Finally, I will remain grateful to all of them who supported me in any way during my entire time span in research activity.

Vidyasagar University,
Midnapore

Riddha Mukherjee.
