4. Prof. Dilip Kumar Maiti
5. Dr. Ganesh Ghorai
6. Dr. Raghu Nandan Giri
7. Dr. Krishnendu Barman

Minutes of Departmental Committee meeting, Dept. of Applied Mathematics held at 2 P.M on 15.06.2020 through Web Conference:

At the outset of the meeting HoD, Prof. Shyamal Kumar Mondal, welcomes all the members:

1. The proceedings of the last DC meeting held on 11.03.2020 is read and confirmed.
2. The notification issued by the Special Officer for inviting Proposal on skill based various certificate courses under community college is placed before the DC members. The committee members feel that Studying basic Mathematics has no clear impact on direct employability, so that a candidate would get a job in a company and he or she would be able to build a secure business themselves by using that primary knowledge. DC members agreed that this diploma or hands on training or vocational training like courses has less constructive linkage with mathematics which would be benefitted in career in the sectors of education, health care, manufacturing and any other services. Hence, the matter is upheld and the committee decides not to proceed in this matter.
3. The proposal for organization a conference through online in the department is discussed with the DC members. All the members are agreed to conduct an international conference in the department. It is also decided that Dr. Raghu Nandan Giri and Dr. Krishnendu Barman will supervise this conference as Joint Convener. A tentative date, 15th & 16th July, 2020, is also suggested by the respected members. The name of dignitaries and the schedule of this programme will be confirmed and notified shortly.

As the members feels that there are no other issues to be addressed at the moment, the meeting concluded by thanking all the members of the Department who spent their valuable time for attending this Web conference.

Shyamal Kumar Mondal
