In the meeting the following opinions are placed by the parents of the PG students of Semester-I and III:

1. Online classes are beneficial but offline classes are more interactive than online classes and thus depending on the circumstances if possible offline classes can be initiated.
2. In the case of online classes if board work can be executed like offline classes then students will be more benefited.
3. Library books as well as e-books are required for the better understanding of the subject.
4. In the case of online classes, each class should be limited to one hour.

In the context of the above opinions of the parents it is resolved that necessary action will be taken by the department to address properly the issues raised.
