Minutes of the meeting

1. The meeting was chaired by the HOD. The proceedings of the previous meeting were read and confirmed.
 2. Parent-Teacher committee for the session was reconstituted involving members from all the faculty of Zoology and parents of 4 students (named above).
- Both the present faculty of the meeting invited feedback on the education system of the department from the present guardians.
 - Mr. Ganguly- Thankful to teachers & hoped better results of his son in future.
 - Mr. Maji- Result seems improved from previous semesters- as it depends on students, who remain absent sometimes. He complained that his son returns late after classes. Debanjan Maji rears rare fishes in aquarium as hobby from childhood and lot of time devoted in that. Teachers recommended him to balance daily routine timing for better future. The parent also invited teachers to visit their home informally.
 - Srabanti (Fishery special paper sem IV)- stated no pressure from parents on her, as such left on her own, trying 100% of her efforts for academics. She loves her department too much and shared that she felt sad to leave end semester soon. Regarding VU infrastructure- instruments condition need improvement.
 - Prof. SK De summed up that - as NAAC assessment parameter- increased participation needed in such meetings. Only 3 out of many both semester students is quite low and indicates lack of awareness in parents. What can teachers do? Nilanjan G. is a responsible boy & Debanjan M. is skilled. Both were invited to meet in person. He also suggests- notice may be issued next time to parents for physical meet- wherein strict participation is desired.
 - The meeting ended with thanks to the chair.
