Subhojyoti Das Barman
2/3/17

2nd Sem

(i) Anisha Satpati

Anisha Satpati
2/3/17

(ii) Debapriya Das

Debapriya Das
2/3/17

Recommendations:

1. Practical classes for 2nd semester may be shifted to 2nd half of the day for increasing available time for that class.
2. Basin of male student toilet and sinks in the laboratory needs repairing and number to be increased.
3. Microscopes (simple & compound) needs repairing.
4. Computers in the laboratory needs to be improved. Computers are too old (Pentium II & III) and latest softwares are not running properly. At least 30 new computers are needed for 120 students of the department.

5. Laminar air flow, centrifuge & distillation plant needs repairing.
6. Classes by a faculty member of 2nd semester is not taken regularly. The classes of that faculty member should happen regularly.
7. ~~50~~ Number of stool (wooden) to be increased in the practical laboratory.

~~2/3/17~~
