- Agenda:-
1. Confirmation of the previous meeting.
 2. Letter issued by the S.C. Mallik, EDCC
 3. Miscellaneous.

1. Resolution of previous meeting confirmed.
2. Letter issued by SC Mallik discussed in the committee. The information regarding the missing of the computer parts is very unfortunate which was earlier beyond our knowledge. Students generally use the lab for their practical purpose and statistical analysis using MS-Word and MS-Excel. The laboratory considering this is maintaining log book of users and the dept. key issue book is also maintained during holidays. The lab has no internet connection. On this circumstance ~~was~~ dept. committee resolved the provision of ~~2~~ Two CC TV camera to prevent such misdeed and the request for CC TV camera installation will be forwarded to the Director, Computer center. All the members of Dept. Dept. committee jointly enquired the facts and ~~submitted~~ ^{will} submitted the above report to the Director, Computer center. ~~In that connection DC resolved that information should sought from the Dept. to the Director.~~ Fact is that all the computers were in operation till June'2018. DC & SC discussed about the

weakness of the Dept. regarding the monitoring of replacement of parts by the vendors as when required to be replaced as departmental members are not capable to ~~just~~ identify the parts due to their lack of knowledge ~~was~~ about computer hardwares.
