

ACKNOWLEDGEMENT

On the first place, I thank All Mighty for His immense blessings for such a great opportunity to my academic career. My deepest sense of gratitude and indebtedness to my parents for all the sacrifices and compromises they made to reach me up to here.

My sincere acknowledgement, thankfulness and gratitude to the Department of Science & Technology (DST) Women Scientists Scheme (WOS-A), KIRAN, GOI, for the complete funding of my Ph.D. work along with my fellowship, academic trips and contingencies. I shall remain ever obliged to DST, Government of India for this prospect.

I earnestly feel privileged to express my immense gratefulness to my honourable supervisors Dr. Basudev Mandal, Assistant Professor & HOD, Department of Aquaculture Management & Technology, Vidyasagar University, West Bengal and Dr. Archan Kanti Das, Principal Scientist, Reservoir & Wetland Fisheries Division, ICAR - Central Inland Fisheries Research Institute (CIFRI) for their guidance, patience and knowledge. They inspired me to give my best at all steps of my Ph.D. work. I am obliged for their sincere and generous help and valuable suggestions, sustained interest and encouragement and also for providing facilities to the work in reputed institute.

My heart filled gratitude to Dr. Ranjan Kumar Manna, Principal Scientist, ICAR-CIFRI for his constant guidance and laboratory support in all my research experiments and interpretations. I thank him for his motivation and progressive academic advices throughout.

I express my immense gratitude to Dr. T.J. Abraham, Professor, Dept. of Aquatic Animal Health, West Bengal University of Animal and Fishery Sciences, for proving me with the Bacterial strains and teaching me some basics of microbiology. In the same aspect I am thankful to Dr. S.K. Manna, Principal Scientist, ICAR-CIFRI and Chinmoy Bandhopadhaya, SRF, ICAR-CIFRI, for their guidance, support and lab facilities.

I express my humble submission and gratefulness to Professor Ranjan Chakrabarti, Vice Chancellor, Vidyasagar University, West Bengal and Dr. Basanta Kumar Das, Director, ICAR – Central Inland Fisheries Research Institute (CIFRI), for their approval & providence with all necessary facilities for the completion of my work.

My sincere acknowledgement to my elder brother, Prosanta Chakraborty, who helped me to accomplish my field works, collection of plant samples and my thesis preparation.

Last but by no means least, I owe to all my seniors, friends and juniors of ICAR – CIFRI and Vidyasagar University who assisted me in versatile aspects during this period.

Thanks for all the consistent support. It was a great journey indeed!!!!

-Nabanita Chakraborty
