

Acknowledgement

I extend my eternal gratitude to Almighty God for his showers of blessings to successfully finish my research work.

I'm grateful to a number of persons whose professional encouragement and assistance has made the flow of this work a pleasant endeavour.

First of all, I wish to express my sincere gratitude and regards to my respected research supervisors Dr. Pradeep Kumar Das Mohapatra, Head, Department of Microbiology, Raiganj University and Dr. Asish Mandal, Head, P.G. Department of Botany, Ramananda College, not only for their continuous encouragement and valuable guidance but also for affection and warmth during the entire episode of my research work.

I am extremely grateful to Dr. Keshab Chandra Mondal, Head, Department of Microbiology, Vidyasagar University for providing enormous help, support and insightful suggestions throughout my work. I also express my sincere thanks to all the esteemed faculty members of the Department.

I wish to convey my most sincere gratitude to Honorable Vice-chancellor, Professor Ranjan Chakrabarti and Ph.D. Committee, Department of Microbiology, Vidyasagar University, Midnapore, West Bengal, India for kind recommendation, co-operation and guidance for my research work. I also extend my gratitude to the Honorable Registrar, Vidyasagar University, Midnapore for providing me all the facilities needed for successful completion of this work.

I am also thankful to Honorable Vice-chancellor, Professor Anil Bhumali, Raiganj University; Dr. Samir Mukherjee, Principal, Bankura Sammilani College and Dr. Swapna Ghorai, Principal, Ramananda College for providing me the necessary facilities to conduct part of my research work.

I convey my respect to Dr. Subrata Raha, Associate Professor, Department of Botany, Sidho-Kanho-Birsha University for his valuable guidance during the identification of phytoplankton.

I am thankful to Dr. Tapas Kr. Dutta, Assistant Professor, Department of Zoology, Bankura Sammilani College to provide all the information and knowledge with duly care.

I also acknowledge Dr. Mohammad Ali Khan, Assistant Professor, Department of Mathematics, Ramananda College for his kind help and guidance in statistical analysis of research data.

I specially thank Mr. Saptarshi Roy, Assistant Professor, Department of English, Bankura Sammilani College for his valuable suggestions regarding the refinement of the English language.

I convey my most sincere thank to Dr. Amrita Banerjee, Assistant Professor, Department of Biotechnology, OIST for her kind support, feedback and co-operation throughout the research work.

I also express my thanks to Dr. Sudip Kr. Sen, Scientist, Biostadt India Ltd. for his technical support and guidance. I am thankful to Upasana Chatterjee of the Department of Microbiology, Vidyasagar University for her kind cooperation and help.

I am thankful to my fellow lab mates Prasenjit Barman, Krishanu Singha, Kuntal Ghosh, Kanishendra Sarkar, Dipak Kumar Sahoo, Tithi Adhya, Jyoti Prakash Soren, Shilpee Pal, Riddha Mukherjee, Mousumi Ray, Subhadeep Mondal, Papan Kumar Hor for proactive discussions and technical support during the work.

I must also recall the sincere effort of my beloved students for their enthusiastic participation during the survey work. I wish to offer my regards to all those who supported me in any respect during the completion of thesis.

I wish to express my most sincere gratitude to my father Mr. Swapan Kr. Ganguly and mother Mrs. Dipa Ganguly for all the encouragement, blessings and support without which the thesis work would not have materialized. I am also thankful to my friends and other family members.

Last but not the least, I express my love and affection to my wife Mousumi Ganguly and our little princess Adrija Ganguly for all the inspiration, motivation and sacrifice they have made.
