

ACKNOWLEDGMENTS

First and foremost, I would like to give special thanks to ALLAH and Hazrat Mahammad (Salelahu Sallam) Almighty for giving me wisdom and health to complete this research work, , forever and ever! Amen.

The thesis was made possible with the support and kind assistance of many people. To everyone who contributed in the completion of the thesis I really appreciate them for their kindness.

I wish to place on record my profound sense of gratitude and thanks to my guide Dr. Pradeep Kumar Das Mohapatra, Associate Professor & Head, Department of Microbiology, Raiganja University, Raiganja and I am very much grateful to my co-guide, Dr. Debashis De, Professor & Director, Department of Computer Science & Engineering, Maulana Abul Kalam Azad University of Technology, formerly known as West Bengal University of Technology, Nadia, for his valuable suggestions during the analysis of experimental work.

Everyone including my guide and colleagues encouraged me to work in the field of computer science & Bioinformatics and motivated me during the last five years. I am utterly thankful and grateful for their support, enthusiasm, and constructive remarks on my piece of work. I am also thankful to my supervisors for a quality of improvements that he suggested to my work. I appreciate him for his time contribution, ideas, encouragement, and advices during my Ph.D. I utterly thank everyone for providing such an excellent working environment to me.

I am thankful and grateful to colleagues for their constant help, encouragement and helpful suggestions. I also thank my students for their contributions during the preparation of the thesis.

I cannot miss out the people who have not only taught me science but also encouraged me to set my dreams high and helped me to build my confidence, my School & College teachers.

I wholeheartedly thank my parents without whom the execution of this work would not have been possible. I ardently thank my wife who is the source of inspiration for both my research and my life, and without her unstinting efforts this thesis could not have been given a due shape. I am also thankful to my brothers & sisters and brother in laws for their patience and continuous support. My niece and nephew also supported me during my work. I wish to thank all my family members for their love and encouragement.
