

Acknowledgement

I express my gratitude to everybody who helped me to transform this dream into a reality. I am about to mention some special selected ones for their help and enormous support to complete the entire work.

First of all, I would like to express my deepest gratitude and thanks to my research supervisors, Dr. Pradeep Kumar Das Mohapatra, and Prof. Bikas Ranjan Pati for giving me the opportunity of this scientific exploration. Their contributions, expertise and involvement have made my walk through this journey with ease.

I am extremely grateful to Prof. Keshab Chandra Mondal, Head, Dept. of Microbiology, Vidyasagar University for providing enormous help, support and valuable suggestions throughout my work. My sincere thanks to all esteemed faculty members and staff of the Department.

I specially thank to Dr. Amrita Banerjee, Mr. Jyoti Prakash Soren, Dr. Shilpee Pal, Dr. Arijit Jana, Dr. Prasenjit Barman, Dr. Atanu Adak, Dr. Kuntal Ghosh, Ms. Riddha Mukharjee, Mr. Papan Kumar Hor, and Mr. Joy Mondal for their help and valuable support during the execution of my work. I am especially thankful to Dr. Sudip Kumar Sen, Dr. Dipak Kumar Sahoo, Dr. Asish Mandal and Mr. Arindam Ganguly for their scientific support to complete my thesis.

I express my heartiest thanks to Dr. Arabinda Adak, Senior scientist, Aurigene Discovery Technologies Ltd., Hyderabad, Telangana, India for his technical support.

I am also very much thankful to my juniors, Hiran, Subhrajeet, Sankha, Amit, Arindam, Shyamapada and Poushali for their help and supports.

My sincere thanks to Hon'ble Vice-chancellor, Professor Ranjan Chakrabarti and Ph.D. Committee, Department of Microbiology, Vidyasagar University, Midnapore, West Bengal, India for their kind recommendation, co-operation and help in my research work. I also extend my gratitude to the Registrar, Vidyasagar University, Midnapore for providing me all the facilities needed for successful completion of this work.

I am also thankful to USIC, Vidyasagar University for providing working facility to me during the investigation.

The constant support and motivation of my parents (Mr. Amarendra Nath Singha and Mrs. Chhabi Singha) who encouraged me to complete the work successfully. The support from my wife (Mrs. Madhumita Singha) and our sweet, cute, little princess (Ishika Singha) is a powerful source of inspiration and energy for me. I am also thankful to the other members of my family. Without their encouragement and understanding it was impossible for me to finish this work.

Lastly, I offer my regards to all those persons who supported me in any respect during the completion of the thesis.
