Certificate

I have immense pleasure in certifying that Mr. Rejaul Islam Mollah, a registered Research Scholar of the Department of Business Administration of Vidyasagar University, Midnapore, West Bengal has completed his research work titled “ Charismatic Qualities of Women Leaders in People Management – A Case Study of Mass-Leader Mamata Banerjee” under my supervision and guidance.

In his research-study Mr. Rejaul Islam Mollah has produced an original research work. His work is unique in nature on women leadership and particularly on Mass Leader Mamata Banerjee. The work is one of the path finding research works on Charismatic Mass Leader Mamata Banerjee.

Neither any part of this work nor the entire thesis is produced before any institution or university for award of any degree or diploma before.

I find his work to be fit to be awarded the Degree of Doctor of Philosophy in Management.

With best wishes.
