UG/4th Sem/PHY/H/19(Pr.)

2019

B.Sc. (Hons)

4th Semester Examination

PHYSICS

Paper - C10P

Full Marks : 20

Time : 2 Hours

*Instruction to Examiner*

- I) Second chance of drawing Card may be allowed without deducting marks. However, third chance onward, 10% marks i.e., 1.5 marks to be deducted for each chance.
- II) If theory of the experiment is found wrong before starting the experiment, the examiner may ask to make it correct in front of examiners without penalising. Otherwise working formula should be supplied with deduction of marks allotted for it.
- III) If examiners provide help for performing an experiment (data recording, circuit making, etc.) the *nature of help provided* should be written on answer script and marks should be deducted accordingly.

[ Turn Over ]

IV) At least two recordings for each experiment should be checked and signed by the examiners during experiment.

V) In LNB 1/4 marks for each properly signed experiment may be allowed. Properly signed 10 experiment onwards full marks should be awarded.
