

List of Figures

	Page No.
Fig. 1.1: Methodological Flow chart showing the framework For Ecotourism development in the coastal area.....	11
Fig.1.2: Location map of the study area.....	13
Fig. 1.3: Physiographic Diversity of the study area.....	15
Fig. 1.4: Digital Elevation Model of the study area.....	16
Fig. 1.5: Distribution of the soil taxonomic classes.....	17
Fig. 1.6 Land use Land cover map of the study area.....	18
Fig. 1.7: Normalized difference vegetation index (NDVI) Of the study area.....	20
Fig. 1.8: Number of household and population density of the study area.....	21
Fig. 1.9: Schedule Caste and Schedule Tribe Population of the study area.....	21
Fig. 1.10: Literate and Illiterate population of the study area.....	22
Fig. 1.11: Number of main workerand marginal worker of the study area.....	22
Fig. 1.12 Ecotourism Destinations map of the study area.....	24
Fig. 1.13 Road network map of the study area.....	26
Fig. 2.1: Physical attributes potential Map of the Ecotourism destination sites.....	40
Fig. 2.2: Environmental Potential map of the Ecotourism destination sites.....	41
Fig. 2.3: Social attributes potential map of the Ecotourism destination sites.....	41
Fig. 2.4: Total potential value of the Ecotourism destination sites.....	42
Fig. 2.5: All potential value of the Ecotourism destination sites.....	43
Fig. 3.1: Quality of Ecological Status of Water of the study Beaches.....	61
Fig. 3.2: Quality of Cleanliness of the study Beaches.....	62
Fig. 3.3: Quality of State of Habitats of the study Beaches.....	63
Fig. 3.4: Quality of Trends of Coast of the study Beaches.....	64
Fig. 3.5: Quality of Safety of the study Beaches.....	65
Fig. 3.6: Quality of Coastal Scenery of the study Beaches.....	66

Fig. 3.7: Quality of Service and Facility of the study Beaches.....	67
Fig. 3.8: Quality of Human and Health of the study Beaches.....	68
Fig. 3.9: Beach Quality Index(BQI) map of the Coastal destination Beaches.....	69
Fig. 4.1: TCI map for the month of January in the Ecotourism Destination sites.....	79
Fig. 4.2: TCI map for the month of February in the Ecotourism Destination sites.....	80
Fig. 4.3: TCI map for the month of March in the Ecotourism Destination sites.....	81
Fig. 4.4: TCI map for the month of April in the Ecotourism Destination sites.....	82
Fig. 4.5: TCI map for the month of May in the Ecotourism Destination sites.....	82
Fig. 4.6: TCI map for the month of June in the Ecotourism Destination sites.....	83
Fig. 4.7: TCI map for the month of July in the Ecotourism Destination sites.....	84
Fig. 4.8: TCI map for the month of August in the Ecotourism Destination sites.....	85
Fig. 4.9: TCI map for the month of September in the Ecotourism Destination sites.....	85
Fig. 4.10: TCI map for the month of October in the Ecotourism Destination sites.....	86
Fig. 4.11: TCI map for the month of November in the Ecotourism Destination sites.....	87
Fig.4.12: TCI map for the month of December in the Ecotourism Destination sites.....	88
Fig. 4.13 Tourist flow during (2014-15) months wise in the destination sites.....	90
Fig. 4.14: TCI value of the coastal tourism destinations in January and February Months (1-15 & 16-30 days).....	91
Fig. 4.15: TCI value of the coastal tourism destinations in March and April Months (1-15 & 16-30 days).....	92
Fig. 4.16: TCI value of the coastal tourism destinations in May and June Months (1-15 & 16-30 days).....	92

Fig. 4.17: TCI value of the coastal tourism destinations in July and August Months (1-15 & 16-30 days).....	92
Fig. 4.18: TCI value of the coastal tourism destinations in September and October Months (1-15 & 16-30 days).....	93
Fig. 4.19: TCI value of the coastal tourism destinations in November and December Months (1-15 & 16-30 days).....	93
Fig. 4.20: LST (Land surface temperature) of the coastal destinations.....	94
Fig. 5.1: IFEM value of the tourism destination sites.....	106
Fig. 5.2: EFEM value of the tourism destination sites.....	115
Fig. 6.1: Sustainable indicators for Mandarmani site.....	126
Fig. 6.2: Sustainable indicators for Dadanpatrabar site.....	126
Fig. 6.3: Sustainable indicators for Dakshinpurosuttompur site.....	127
Fig. 6.4: Sustainable indicators for Rasulpur site.....	127
Fig. 6.5: Sustainable indicators for Nayachar Island site.....	128
Fig. 6.6: Sustainable indicators for Mandirtala site.....	128
Fig. 6.7: Sustainable indicators for Benubon site.....	129
Fig. 6.8: Sustainable indicators for Boatkhalı site.....	129
Fig. 6.9: Sustainable indicators for Beguakhali site.....	130
Fig. 6.10: Sustainable indicators for Gangasagar site.....	130
Fig. 6.11: Sustainable indicators for Frejerganj site.....	131
Fig. 6.12: Sustainable indicators for Bakkhalı site.....	131
Fig. 6.13: Sustainable indicators for Henry’s Island site.....	132
