Chapter 1: Introduction and the Relevance of the study	1-17
1.1 Introduction	1
1.2 Objectives of the Present Thesis	4
1.3 The Structure of the Present Thesis	17
Chapter 2: An Overview of the Existing Literature	18-108
2.1 Introduction	18
2.2 Survey of Literature	19
2.2.1 Studies on employment of Manufacturing Industries	20
2.2.1.1 Empirical Literature on employment of Manufacturing Industries	20
2.2.1.1.1 Studies relating to employment in International Context	20
2.2.1.1.2 Studies relating to employment in Indian Context	24
2.2.2 Testing for Structural Break using Unit Root Hypothesis	30
2.2.2.1 Alternative Theories of Unit Root Hypothesis	31
2.2.2.2 Empirical Studies on Trend Analysis using modern time series technique	33
2.2.3 Studies on Technical efficiency (TE) of Manufacturing Industries	35
2.2.3.1 Econometric Theoretical Literature on Technical Efficiency	35
2.2.3.1.1 Parametric Approach: Stochastic Frontier Production Function Approach	35
2.2.3.1.2 Non-Parametric Approach: Data Envelopment Analysis (DEA)	38
2.2.3.2 Empirical Literature on Technical Efficiency (TE) of Manufacturing Industries	42
2.2.3.2.1 Studies relating to Technical Efficiency (TE) in the International Context	42
2.2.3.2.2 Studies Relating to Technical Efficiency (TE) in the Indian Context	53
2.2.4 Studies on Total Factor Productivity Growth (TFPG) of Manufacturing	57

Industries	
2.2.4.1 Econometric Theoretical Literature on Total Factor Productivity Growth	58
2.2.4.1.1 Measurement of TFPG using Growth Accounting Approach	60
2.2.4.1.2 Measurement of TFPG using Parametric Approach i.e. by estimating production function or cost function	62
2.2.4.1.3 Non parametric approach of Data Envelopment Analysis (DEA)	63
2.2.4.2 Empirical Literature on TFPG of Manufacturing Industries	65
2.2.4.2.1 Studies relating to TFPG in the International Context	66
2.2.4.2.2 Studies Relating to TFPG in the Indian Context	80
2.2.5 Studies on Indian Textile Industry (ITI)	92
2.2.5.1 Studies Relating to Employment, Efficiency and Productivity of Indian Textile Industry	92
2.2.5.1.1 Studies on employment of Indian Textile Industry	92
2.2.5.1.2 Studies on Efficiency in Indian Textile Industry	94
2.2.5.1.3 Studies on Productivity in Indian Textile Industry	96
2.2.5.2 Other Studies on Indian Textile Industry	101
2.3 Connection of the Present Study with the Existing Literature	106
Chapter 3: Analysis of employment of Indian Textile Industry and identification of its determinants	109-148
3.1 Introduction	109
3.2 Methodology and Data Source	112
3.2.1 Methodology	112
3.2.1.1 Methodology for Studying the Growth Performance of employment using Zivot and Andrews (1992) and Sen (2003) approach of one-time endogenous structural break	112
3.2.1.2 Determinants of growth of employment	117
3.2.2 Data Sources	125

3.3 Results of Analysis	126
3.3.1 Estimated Results of Structural Break Analysis and Growth of Employment	126
3.3.1.1 Estimated Results of Yarn and fabrics producing sector using Zivot and Andrews (1992) approach	126
3.3.1.2 Estimated Results of Yarn and fabrics producing sector using Sen (2003) approach	128
3.3.1.3 Comparison of the estimated results for yarn and fabrics producing sector using Zivot and Andrews (1992) and Sen (2003) approach	129
3.3.2 Results of Determinants of growth of employment	130
3.3.2.1 Results of Determinants of growth of employment of Yarn producing sector	131
3.3.2.2 Determinants of growth of employment of Fabrics producing sector	135
3.4 Summary and Conclusion	138
Chapter 4: Analysis of Efficiency of Indian Textile Industry and the factors influencing its behavior	149-190
4.1 Introduction	149
4.2 Methodology and Data Source	152
4.2.1 Methodology	153
4.2.1.1 Measurement of Output-oriented Technical Efficiency (OTE)	153
4.2.1.2 Determinants of Technical Efficiency (TE)	158
4.2.2 Data Sources	167
4.3 Results of Analysis	168
4.3.1 Estimated Results of Technical Efficiency	168
4.3.1.1 Results of OTE of Yarn producing sector	168
4.3.1.2 Results of OTE of Fabrics producing sector	169
4.3.2 Results of Determinants of Technical Efficiency	170
4.3.2.1 Results of determinants of Technical efficiency of Yarn producing sector	171
4.3.2.2 Determinants of TE of Fabrics producing sector	176
4.4 Summary and Conclusion	180
Chapter 5: Analysis of Productivity of Indian Textile Industry and identification of its determinants	191-233
5.1 Introduction	191
5.2 Methodology and Data Source	194
5.2.1 Methodology	195

5.2.1.1 Estimation and Decomposition of Multi-factor Productivity Growth	195
5.2.1.2 Determinants of Multi-factor Productivity Growth	202
5.2.2 Data Source	211
5.3 Result of Analysis	211
5.3.1 Estimation of Productivity growth	211
5.3.1.1 Results of MPI and its Decomposition in Yarn producing Sector	212
5.3.1.2 Results of MPI and its Decomposition in Fabrics producing sector	213
5.3.2 Factors influencing Productivity Growth	215
5.3.2.1 Determinants of TFPG of Yarn producing sector	216
5.3.2.2 Determinants of TFPG of Fabrics producing sector	220
5.4 Summary and Conclusion	224
Chapter 6: Summary and Overall Conclusion	234-281
Bibliography	282-344
Appendix	345-349
