

List of Tables

1.1	Area of mangrove zones (in km ²) in the Patibania island based on NDVI.	29
1.2	Area of mangrove zones (in km ²) in the Henry's island based on NDVI.	31
1.3	Detailed field work description	47
2.1	Description of the mangrove species observed	88
2.2	Showing the geomorphic units of Saptamukhi and Muriganga river estuary. (Source: modified after Ghosh (2018))	110
3.1	Factors affecting the severity of coastal storms in West Bengal (after Paul (2002)).140	
3.2	Occurrence of cyclone in different year at Bay of Bengal (source: IMD).	141
4.1	Chemical components of water	164
4.2	Means and standard deviations of soil variables in saline blank 1.	168
4.3	Means and standard deviations of soil variables in saline blanks 1, 2, 3 and Patibania in pre-monsoon.	169
4.4	P-values of ANOVA related tests on soil variables in saline blank 1.	175
4.5	P-values of Tukey honest significant differences tests on soil variables in saline blank 1 (pre: pre-monsoon, mon: monsoon, post: post-monsoon).	177
4.6	P-values of pairwise Wilcoxon rank sum tests on soil variables in saline blank 1 (pre: pre-monsoon, mon: monsoon, post: post-monsoon).	178
4.7	P-values of ANOVA related tests on soil variables in saline blanks 1, 2, 3 and Patibania in pre-monsoon.	179
4.8	P-values of Tukey Honest Significant Differences tests on soil variables in saline blanks 1, 2, 3 and Patibania in pre-monsoon.	180
4.9	P-values of Pairwise Wilcoxon Rank Sum Tests on soil variables in saline blanks 1, 2, 3 and Patibania in pre-monsoon.	181

4.10	Geomorphology and mangrove variation in a saltpan in the Henry's island. . . .	187
4.11	Mangrove species observed in the different vegetation zones in the Patibania island	190
5.1	Estimation of biomass in the Henry's island	241
5.2	Estimation of biomass in the Patibania island	242
5.3	Estimated surface water storage in the two islands (m ³).	246
5.4	Estimated tidal inundation volumes in the islands in m ³	247
5.5	Estimated seasonal tidal prism in the islands (m ³).	254
5.6	Estimated human consumption of freshwater in the Henry's island	256
5.7	Estimation of water budget available in 2010 in the Henry's island (m ³).	257
5.8	Estimation of water budget available in 2019 in the Henry's island (m ³).	257
5.9	Estimation of water budget available in 2010 in the Patibania island (m ³).	258
5.10	Estimation of water budget available in 2019 in the Patibania island (m ³).	258
6.1	Resource utilization in the coastal belt (Paul, 2002)	273
6.2	Resource exploitation and violation of CRZ rule	276
