

## Acknowledgement

*At the final moment of this memorable journey of almost five years, I find myself full of memories and experiences. During the period I have been supported and accompanied by many individuals. My humble acknowledgments to those who helped me towards reaching my destination are heartfelt. It is a pleasant aspect that I have now the opportunity to express my gratitude for all of them. I am grateful to the Vidyasagar University, Midnapore and Indian Institute of Technology Kharagpur, for their constant support and providing the wonderful platform for research.*

*I would like to express my deep sense of gratitude to my supervisor, **Professor, Khanindra Pathak** Department of Mining Engineering, IIT Kharagpur, for his patience, constructive discussion, and continuous encouragement and friendly supervision throughout my research work. It is because of my supervisor that I got the profound opportunity to learn the diverse knowledge in the field of remote sensing, GIS, mining and environmental engineering.*

*I am also deeply grateful to my supervisor, **Dr. Abhisek Chakraborty**, Department of Remote Sensing and GIS, Vidyasagar University, Midnapore, who first introduced me in the field of research and provided needful encouragement for doing research which is interdisciplinary in nature. He advised me in various key points in this thesis. I am greatly indebted to him for his supervision which made my academic odyssey indeed worthwhile.*

*I would like to thank Dr. C. P. Singh, Scientist SAC (Space Application Centre), ISRO for his valuable suggestions to improve the quality of my research work. I am grateful to Dr. V.M. Chowdary, Scientist, Regional Remote Sensing Centre (RRSC), ISRO for his valuable suggestions and technical help to shape my research work. I would like to thank Prof. Anirban Dhar from Civil Engineering Department, IIT Kharagpur for their valuable suggestions to improve the quality of my research work.*

*I would like to thank, Dr. Dipanwita K. Dutta (Head), and Dr. Pulakesh Das (Assistant Professors of Department of Remote Sensing and GIS, Vidyasagar University, Midnapore), for their various intermediate presentations, providing an excellent environment, support, believe and faith to me to carry out my Ph.D. work. I also thank Dr. Sikhendra Kisor De, guest faculty, Vidyasagar University and former Director of Geological Survey of India, for his continuous support, suggestion and thoughtful interventions at all stages of this work.*

*I must not forget to acknowledge the moral supports and technical helps of one my seniors, Dr. Nibedita Sinha, Dr. Manoj Patowary, Dr. Satiprasad Sahoo, Dr. Dev Subhabrata Mr. Subhra Prakash Mandal, and Mrs. Samrin Asma and ex research scholar of Department of Remote sensing and GIS, VU and IIT Kharagpur during my primary stage of research work. I would like to thank my colleagues Mr. Subodh kumar, Mr. Sourav Mandal, Mr. Sushil Mhaske, Mr. Anup Tiwari, and Mr. Kunal kishor Chandan for creating a cooperative and pleasant atmosphere in the lab during the course of work. Though I have mentioned a few, I take this opportunity to thank all seniors, colleagues and friends who helped me throughout my stay at IIT Kharagpur.*

*The single largest contribution in shaping my present comes from the faith, hope, encouragement, and affection of my parents. I am grateful to them for supporting me unconditionally throughout my life. I am also grateful to my brother. I am lucky to have all family members for their encouragement throughout my studies. I wish to thank all of my previous teachers whose blessings also helped me to reach this stage.*

*Last but not least, gratitude goes to all individuals who directly or indirectly helped me to complete this project. Any omission in this brief acknowledgment does not mean a lack of gratitude.*
