Dr. Nandini Ghosh, TIC, presided over the meeting.

The following resolution was taken unanimously:

1. DC is interested to introduce MOOC course, but in the UGC SWAYAM portal no courses are available which will match with our curriculum and time frame. Earlier also we express our desire to introduce MOOC course (as resolved in the DC meeting dated 12.12.2017). We will inform the authority about the introduction of MOOC course in near future as and when we will find a suitable course for our students.
