Dr Sujay Ghosh, HoD, Political Science, VU (dated: 18 April 2023)

Resolutions

The Hon'ble Vice Chancellor, Vidyasagar University had convened a Video Conference yesterday with the Heads of Political Science, History and Philosophy Departments; and also with University officers. He had informed us about the demands for introduction of Instruction and Evaluation in Alchiki language. Accordingly, the following points have been resolved unanimously:

1. We are aware of the prevailing situation around, regarding the demand for Instruction and Evaluation in Alchiki language in various subjects, including Political Science at Postgraduate level.
2. The Department has already made contacts with some Political Science teachers conversant with Alchiki language and had forwarded them to the Controller's Office a few months back.
3. However, no permanent teacher in the Department has expertise to teach and/or evaluate scripts in Alchiki language. Hence, in the present strength, the Department is unable to conduct classes in Alchiki language. Also, the Department is constrained with physical space.
4. At the most, the Department can suggest arrangements to evaluate scripts written in Alchiki language.
5. However, the Department has No Objection if the University makes separate arrangements for teaching Political Science in Alchiki language.
6. Today morning, the HoD was contacted by the Secretary of the PG Council, requesting budget outlays for instruction in Alchiki language – by today itself. I have proposed a budget, requesting five Guest Teachers. Or the information of my

Departmental colleagues, I attach a copy of the proposed budget that was sent to The Registrar, through the PG Secretary.

The meeting ended with thanks to and from the HoD, Political Science, VU. We shall prefer to put signatures physically, when the University re-opens.
